BOOK SYNOPSIS

One of the most notorious works of modern times, as well as one of the most influential, Capital is an incisive critique of private property and the social relations it generates. Living in exile in England, where this work was largely written, Marx drew on a wide-ranging knowledge of its society to support his analysis and generate fresh insights. Arguing that capitalism would create an ever-increasing division in wealth and welfare, he predicted its abolition and replacement by a system with common ownership of the means of production. Capital rapidly acquired readership among the leaders of social democratic parties, particularly in Russia and Germany, and ultimately throughout the world, to become a work described by Marx's friend and collaborator Friedrich Engels as the Bible of the Working Class

CAPITAL VOLUME 1 A CRITIQUE OF POLITICAL ECONOMY PENGUIN

CLASSICS - Are you looking for Ebook Capital Volume 1 A Critique Of Political Economy Penguin Classics ?
